TO ARCHITECTS.—Frequent complaints having been made by ARCHITECTS and others, of the failure of certain works supposed to have been done by this Company, but which in fact were executed with spurious materials, a list of all works executed with the genuine SEYSSEL ASPHALTE, to be kept at the Office, that it may be at all times ascertained whether any work in which a failure has taken place was executed by this Company. J. PARRELL, Secretary.
SEYSSEL ASPHALTE WORKS, Shoreditch, London.
ESTABLISHED 1838.

N.B. The exclusive supply of Asphalte from the Mines of Pyrimont Seyssel having been conceded to this Company, the Directors particularly recommend Architects, Builders, and others, for the purpose of securing the use of the genuine article, to insert in their specifications "SEYSSEL ASPHALTE, CLARIDGE'S PATENT," and not merely "Asphalte," or "Bitumen," as in many cases where these terms have been used, pine-tar, and other worthless and offensive compositions have been introduced.

1852.

PATENT METALLIC LAVA,
BROWN, WHITE, AND ORNAMENTAL,
AND
SEYSSEL ASPHALTE.

Messrs. O. and A. beg to inform ARCHITECTS, BUILDERS, &c. that in addition to their BROWN LAVA for floorings, roofings, &c. and their WHITE and ORNAMENTAL LAVA, for interiors of churches, halls, museums, vestibules (and in consequence of CLARIDGE'S PATENT for SEYSSEL ASPHALTE having expired), they are now ready to contract for work to any extent in GENUINE SEYSSEL ASPHALTE, imported by them from the original mines of Seyssel, and by their List of Prices, Architects, Builders, and Contractors will see a GREAT REDUCTION from those of any other importer.
A GUARANTEE IS GIVEN for work executed by O. and A. for THREE YEARS, free of any expenses.
For particulars, samples, and list of prices, at the Office, 6, Guildhall-chambers, Basinghall-street, City.
July, 1852.

N.B. It is particularly recommended to Architects, Builders, &c. by the "Asphalte Company," for the purpose of securing the use of the genuine article, to insert in their specifications, "Seyssel Asphalte, CLARIDGE'S PATENT."
Messrs. ORSI and ARMANI beg to call the particular attention of Architects, Engineers, Builders, &c. that the CLARIDGE PATENT HAVING EXPIRED, they, by inserting it in their specifications, will apparently continue a monopoly in favour of a single company; therefore, Messrs ORSI and ARMANI warmly advise, and would sincerely thank, Architects, Engineers, &c. &c if in future they would insert in their specifications ONLY "SEYSSEL ASPHALTE,"—WITHOUT SPECIAL MENTION of ANY NAME of COMPANY, PATENT, or INDIVIDUALS, thereby leaving Builders, Contractors, &c. at liberty to use (by their approval and consent) the best genuine "Seyssel Asphalte,"—that one will assure to them the most efficient work GUARANTEED, and that will unite a good and sound workmanship with the cheapness of the prices.
